Principal's Message

The BINGO night last Thursday was a great success congratulations to our P&C for organising this child friendly night.

Our first Smart Futures Careers Day held on Monday morning was also a success. This morning was initially planned as an opportunity to compliment the transition process between our school and the surrounding schools as students move onto High School.

It is also an opportunity for students to begin thinking about what they might like to do as far as employment goes.

A big thank you to the 17 stalls for the time and effort they put back into the Kyogle community by making themselves available to our Stage 3 and 4 students. Some other classes had a quick sticky beak as well.

An even bigger thank you to Miss Burns who coordinated the event.

A big thank you to Bunnings for the generous donation of plants for our new soft landscaping area.

2/3R Newsletter Feature

Term 3 has been an extremely busy one for lots of students in 2/3R both inside and outside of the classroom.

Inside the Classroom
We have been enjoying literacy and mathematics groups with students progressing well. Students have been trying really hard with Reading Eggs and Mathletics. During English students have been exploring rainforests. Students have studied, ‘Where the Forest Meets the Sea’ and ‘The Lorax’. We had an awesome class performance at the school assembly where we looked at deforestation. Students have been enjoying learning to play the recorder. We have learnt how to play a B, A and G chord. Some of the students have expressed an interest in getting their own recorder! Students have been working well with Mrs Alvos doing science – they have been exploring day and night.

Outside the Classroom
What a sporty bunch we are… we had student representatives in athletics, rugby league and football (soccer) this term. We are also very creative with Codie performing extremely well in Wakakirri.

Below are some photos of our artworks, recorder playing and some of our sports representatives.
